b. Resolution 2018.10.29 Updating Section 5.03 Vacation in the District’s Personnel Manual

The Board and District Attorney signed the resolution.

MANAGER REPORTS
a. Finance Manager
Assistant Financial Manager Amalia Mostrales reported that of the nine lien notifications mailed in early September, three have paid or made arrangements with the District to bring their accounts current. Six properties remain. Liens will be recorded on these properties this week.
Ms. Mostrales also reported that the District’s financial audit has been scheduled later this month. She also informed the Board that she attended a training on the new Department of Retirement website that is set to roll out in April of 2019 and an HCA enrollment training, which she will update the Board and staff at a later date. Lastly, Ms. Mostrales informed the Board that Accela has made a change to the web payments system. The changes will occur shortly and require signing a new agreement with the new vendor.

b. Project Status Report

Commissioner Haines noted a typographical error in the special meeting minutes from September 20th that had been approved and signed earlier in the meeting. Commissioner Schoonmaker moved to correct the minutes as noted. Commissioner Ricker seconded and the motion passed. Executive Assistant Theresa Harrington corrected and reprinted the minutes, which were signed by the commissioners.

c. Operations Manager

Operations Manager Denny Clouse provided an update on the status of the site work for the new maintenance facility. Overall, site work is progressing well and is on schedule though the contractors have had some changes to several line items. Mr. Clouse informed the Board that he anticipated the need for a second amendment to the contract for approximately $50,000 to cover the changes identified to date. Mr. Clouse will present the Board with a complete listing of the contract changes and a contract amendment at an upcoming Board meeting. Mr. Clouse also updated the Board on potential development within the District. Finally, Mr. Clouse reported that he is working on advertising the old Vacon truck for sale. He hopes to complete the advertisement by the end of October. Lastly, Mr. Clouse reported that some of the pages of the Shoreline School District’s WSEA’s were left unsigned in error. The District’s Attorney agreed they should be signed. The District Manager will coordinate the signing of these agreements in the near future.

d. District Manager

District Manager Diane Pottinger reported that she and Operations Manager Denny Clouse have had several meetings with the Fire Department regarding fire flow and certificates of water availability. The issues discussed included consistency in fire flow requirements, city permitting requirements and mitigation levels for different types of fire systems. They may later propose changes to the District’s form certificate of water availability.

Ms. Pottinger also reported on attendance at community and industry meetings. Ms. Pottinger attended at the City of Shoreline open house to learn about the “road diet” that the City is proposing on NE 175th Street. Commissioner Haines will attend the Shoreline Chamber of Commerce meeting on October 10th. In addition, Ms. Pottinger will be traveling to Wenatchee October 4-5 to present at the APWA Conference and attend the Public Works Board retreat and meeting.

In other District business, Ms. Pottinger informed the Board that T-Mobile has asked to install upgraded equipment at the tank site. This will result in a lease amendment. Ms. Pottinger has been working with this amendment with the District Attorney and expects to bring this before the Board in the coming months. Sprint has also made a request to use the Century Link conduits at the tank site, which was not the intent with the redesign of the site. Ms. Pottinger also informed the Board that the final close out of the North City Pump station should happen this week and will be brought to the Board in November. Lastly, Ms. Pottinger indicated she would like to enter into an agreement with North City Business Association to place a shed on District property to hold supplies for the Tree Lighting and Jazz Walk. The agreement will be brought to the November Board meeting.

LEGAL REPORT

District Attorney Joe Bennett reported that King County has filed a direct appeal to the State Supreme Court of the Superior Court’s decision to invalidate the County’s right of way “rent” ordinance. The Supreme Court will either accept review or refer the case to the Court of Appeals. We likely won’t know which court will hear the appeal until the new year.
EXECUTIVE SESSION:
The Board entered into executive session at 5:04 pm for 15 minutes to discuss potential litigation and potential real estate transactions with Mr. Bennett, pursuant to RCW 42.30.110(1)(b) and 42.30.110(1)(i).
