MANAGER’S REPORT
Ms. Shosten reported she is completing the financial statements which are due on May 27th. She also reported that District Accountant Amalia Mostralas will be attending the GFOA conference in Toronto the week of May 22nd. Additionally, the e-payment system implementation will be delayed until late summer.
Mr. Clouse reported on the progress of two projects: the Pump Station project (the steel is scheduled for delivery on June 6th) and the one year warranty inspection for the 3.7 MG Reservoir Improvement Project. The tank inspection has been conducted and minor code touch ups are being completed. Mr. Clouse also reported on upcoming development projects. He also discussed potential costs for a new connection on 15th Ave NE given the District's fixed fee charge. Commissioner Ricker asked for further information on how many roads in the District would present this kind of situation. Staff agreed to bring this back at an upcoming Board meeting.

Mr. Pottinger reported on review comments on SPU’s proposed Capital Improvement Plan that she and three other members submitted to SPU and discussed at the Operating Board Meeting. Additional comments are forthcoming but the approach appears to be favorable. Ms. Pottinger reported that her presentation with Shannon Emerick at the AWWA-PNWA Conference in Boise went well and she has had positive feedback from attendees. On Monday night, she attended a joint meeting of the cities of Kenmore and Lake Forest Park and Northshore Fire District where emergency management issues were discussed. The Consumer Confidence Report should be completed later in the week. She reported recent communication with the Northwest Church indicated that they will likely not be moving out until sometime in July after which, we will be relocated some staff to the site. Finally, Ms. Pottinger informed the Commissioners that the District is no longer eligible for the Retrospective Rating pool due to a past claim in 2014 for approximately $24,000 which exceed our premiums that year.

LEGAL REPORT
Mr. Bennett updated the Board on the case of Clark County vs. Washington Counties Risk Pool. The State Supreme Court heard oral arguments on May 10 and asked many questions of counsel for all involved parties. Mr. Bennett stated that the Court’s decision may have significant implications for all government insurance and risk pools in the State as well as pool members. A decision is not expected for at least six months.

COMMISSIONERS REPORT
Commissioner Shoonmaker had no report at this time.

Commissioner Haines reported on her attendance at the AWWA-PNWS Conference in Boise. She indicated it was a good opportunity to network and she found the presentation on emergency preparedness very helpful. Commissioner Haines also reported on the District exhibition booth at the May 14th Shoreline STEM Fair where she conducted the drawing for the Fix-A-Leak Challenge prizes.

Commissioner Ricker reported on his attendance at the Boise conference. He was most interested in information on the need to leverage technology to improve efficiencies in District operations. He also reported on an interesting presentation on directional boring. Finally, he reported on information received about the importance of a Water Utility’s communication with consumers. He commented that he was pleased that most of the items discussed are already on the radar at North City Water District.

ADJOURNMENT
The meeting was adjourned at 4:00p.m.

The next Regular Meeting is Tuesday, June 7th at 3:00PM at the North City Water District.
